HELPS PEOPLE IN MANUFACTURING CONTROL THEIR DESTINY EVERY DAY

### Biography

Applications Manager, MASTER

#### **Randy Jokerst**

Randy is the Applications Manager for Hartwig Inc. and is based out of our corporate office in St. Louis. He has been with Hartwig since 1985.

His first 12 years were spent in the Service Department, training customers, installing new machines, repairing machines, teaching classes, and any applications work that was required.

Years 13 thru 19 were in the Applications Department. For the last 3 ½ years he has been working with all of our Applications Engineers as the Applications Manager. His job as manager is to make sure all of the Application Engineers are trained and have the tools they need to help our customers control their destiny. When required Randy will assist on projects in the field.
