Why Finance with Industrial Equipment Capital?

IEC Financial was set up solely to assist manufacturers and their distributors get their customers financed. Although we specialize in machine tools, we also finance woodworking equipment, stone equipment, forklifts, and other equipment used in today's manufacturing sector. We personalize and custom tailor the service so that we can take care of all of your manufacturing financial needs. We will provide you with a financing package that is suitable for your current business environment.

Application only — IEC Financial can finance a particular customer multiple times without reviewing your financial statements. We can assist you in getting your equipment delivered easier and quicker.

No Blanket Liens — Banks usually have these with their customers, but IEC Financial does not. We only use the collateral we are financing as a security interest. We want your company to grow so that we can grow with you!

Experience you can trust, service that you can count on, and a financing package that will fit your company's needs! We will see where you have come from, analyze where you currently are, and do everything possible to assist in your company's growth now by financing your future!
